

ED TIMM KILLED IN AUTO-TRAIN CRASH

PLAN TO MAKE HOMECOMING CELEBRATION GREATEST EVER

CAMELS IN BIG SHRINE PARADE IN JOLIET SAT.

All caravan routes across the burning sands will lead north to Mecca but to Joliet this Saturday when Shriners from north and east Illinois converge on that city for the only parade and pageant to be held in the Chicago district this year.

The Shrine club of Elgin will truck in half a dozen or more camels for the parade and the Northwest Side Shrine club of Chicago will transport its drilled and trained black horse troop for the affair.

Each of the 13 Shrine clubs in the district will have a float in the parade and Medinah temple of Chicago, which will have charge of the pageant in the evening, will send 800 or more members who will arrive in Joliet about 12:30 Saturday afternoon on a special train.

According to Josiah Trehaner of Joliet, general chairman, at least 3,000 Shriners will take part in the parade and with most of the marchers in vivid, oriental costumes, it will be a colorful affair. Mr. Trehaner expects more than 25,000 visitors will attend.

The parade, which will move through Joliet's downtown streets, is scheduled to start off at 2:30 o'clock CDT from the Joliet Memorial stadium three miles west of the city on U. S. Route 52. It is to begin at 7:30 p.m. and will be open to the public, without any charge whatsoever.

Medinah temple will bring several bands, its famed canters, patrols and drill teams, and there will be clowns and many other special features and attractions to entertain the spectators.

Besides the contingent from Medinah temple, Chicago will be represented by the Northwest Side, South Side and Illinois Central Shrine clubs. Other communities to be represented include Waukegan, Skokie, Evanston, LaGrange, Elgin, Aurora, Chicago Heights, Kankakee, Morris and of course Joliet.

Special arrangements have been made to serve meals to those appearing in the parade and pageant at churches and the Joliet Masonic temple, leaving hotels and restaurants for the use of visitors.

Farm Camp Opens Third Period July 27

The Palos Hills are resounding with the happy voices of children at play at Foundation Farm Camp operated by the Community Center Foundation in Palos Park. They are members of the Indian Nation made up of four tribes—Illini, Fox, Iroquois and Pottawatomie Indians, all of which tribes formerly lived in this area. The study of Indian lore and archery are favorite activities of the children. After they have participated in these they like to ride over the fields on the spotted ponies, Foxy, Dixie and Trixy.

The naturalists connected with the Forest Preserves of this area are teaching the children to appreciate and preserve the beauties around them in the woods. Indian drums and beadwork are among the popular handicrafts.

The third period campers will come in on Sunday afternoon, July 27th. There are a couple of places for campers left in the fourth period which will begin on August 10th.

Frankfort Wants Resurfacing Bids

Frankfort is advertising for bids to re-surface all the streets of the village. It includes (1) patching all holes with pre-mix; (2) blading and scarifying; (3) gravel and crushed stone added to road base; (4) preparation of base to be asphalt MC-O; (5) Sealcoat, which will be bituminous asphalt MC-5, applied hot. It will require 10,500 gallons of this.

This will be followed with stone chips which will be rolled and broom-dragged. The streets to be thus improved will be Kansas, Maple, Walnut, Hickory, Pacific, Oak, Ash, Utah, Oregon, Bowen, Smith, Elwood, Carpenter and Center Road.

When this work has been completed, Frankfort will be a community of fine, smooth streets that will be a delight to both residents and visitors and a credit to the village.

Injured Dodging Truck on Rt. 30

In a desperate effort to avoid hitting the rear of a truck on Route 30, Glenn F. Ruthenbeck, 17, RFD No. 1, New Lenox, swerved his car suddenly and rolled over in a ditch last Wednesday July 26, around midnight. Scene of the accident was about two miles east of Joliet.

James Smith, 17, of New Lenox, who was riding with Ruthenbeck, escaped injury, but Ruthenbeck suffered a gash on the head and severe bruises about the left leg. Charles Cull of Manhattan took him to Silver Cross hospital.

The young men were traveling at about 65 miles an hour, eastbound on Route 30, when they overtook a truck with only a small white tail light, which Ruthenbeck failed to see until he was upon it. Then he made the swerve to avoid colliding. The truck failed to stop.

Ruthenbeck returned from the hospital Saturday and is improving nicely.

ROBBERS BREAK INTO YUNKER IMPLEMENT CO.

Between 4:00 and 5:00 a. m. Wednesday July 23, robbers broke into the Yunker Implement company in Orland Park and stole a 400 pound safe containing \$225.00, checks and other valuable papers.

Entrance was gained by two burglars who rode in a coupe. A 12-gauge shot gun was used to break the front door lock, judging from the two bullet holes in the door. The charges broke the showcase, some bottles and other items.

It is believed that the break-in was made during a n. e. early morning thunderstorm, when the shots might have been mistaken for thunderclaps, for none of those living near to the scene can recall hearing the shots.

The burglars first attempted to burn open the safe in the building with the use of an acetylene torch which they found in the garage, but this means having failed they took the safe out of the building and Mr. Yunker thinks with the use of the hydraulic jack in the garage hoisted it into the trunk of the car.

It was found at 167th St., east of Parker road, near Messinger's woods. At this point the safe was opened and the contents removed. Some of the papers were partially burned.

A Mr. Cook who lives near this location was on his way to work when he saw a fire burning ahead of him on the road. As he approached he saw two men, a safe and a coupe. Upon seeing him the men got into their car and left. They had been burning the papers at the time they were interrupted by Mr. Cook's appearance.

Mr. Cook chased the pair but was unable to overtake them.

The Will County sheriff was called and deputies were soon on the scene. The papers were found in the road, and through them they identified the safe as belonging to the Yunker Implement company of Orland.

The robbery was discovered by Hilbert Henry, an employee at the Implement Co., according to Erwin Yunker, proprietor. Mr. Henry had just come to work and noticed the front door was open and that the safe was gone. He called Mr. Yunker at once.

A strange fact in connection with the robbery was reported by Mr. Yunker, who keeps a watchdog in the building all night long. This watchdog is a good one who overlooks no bets but on this occasion they found the dog out of doors running around loose after the robbery as good natured as you please. These robbers evidently knew how to get on the good side of a watchdog.

The sheriff's office has been furnished a good description of the car, and is working on the case.

All Are Invited to 4H Achievement Day

The 4-H clubs of South side, Cook county, will hold their Achievement Day on July 29, Homewood village hall, Homewood.

Starting at 9:30 a. m. the members will give demonstrations of their food projects. Prizes will be given for the best ones with a trip to State Fair, Springfield for top ranking demonstrators.

BAKERY SALE

A food and bakery sale will be held at the Bump Service station in Homer township Friday afternoon, July 25, beginning at 1:30 o'clock. It is sponsored by the Missionary society.

CHILD KILLED IN FARMYARD ACCIDENT

Four year old Gerhard Been was killed Monday evening, between 6 and 7 o'clock, when he fell off the running board of his father's truck and was crushed under the rear wheel. He was the son of Mr. and Mrs. Gerhard Been Sr., who live in New Lenox township, one half mile west of Wolf road and 1 1/2 miles south of Route 30, on a farm which they purchased from the late Ferdinand Bobzin a year ago.

Mr. Been raises pigs and goes to the city every day to pick up the city every day to pick up the garbage for feed. He had dumped the garbage in the back lot and was returning to the farm yard and stopped to open the gate. Having done this, he got on the truck and drove through the gate and up to the house.

However, when he stopped, to open the gate the little boy must have jumped on the running board of the truck, unnoticed by the father, who was on the opposite side. When the father started the truck the child evidently fell off the running board under one of the rear wheels.

Mr. Been was unaware of the tragedy until shortly thereafter when one of the older sisters saw the child lying on the ground. He was beyond all help.

The body was removed to the Schmaedeke Funeral Home at Orland Park.

Surviving besides his parents are three sisters, Mary Ellen, Ruth Ann, Betty Lou and a brother, William James; also his grandparents, Mr. and Mrs. Richard Been, Sr. of Vermont street and Crawford avenue, Blue Island.

Heat Fails to Dim Fishermen's Hopes

Well, boys and girls, the fish are biting, hot weather to the contrary notwithstanding. And the proof of it is being furnished by the entries being sent in to the Tinley Park Hardware Store's fishing contest, which has attracted many anglers in this area to register their catches, with the hope of winning some of the many valuable awards offered at the end of the fishing season.

Following are some of the most recent entries in this popular contest for piscatorial enthusiasts:

21 1/2 lb. muskellunge, caught by Ed Prospero of Tinley Park, at White Dog Camp, Canada. 6 1/2 ounce crappie, Lois Betz-wiser, Pistakee Bay, Ill. 4 1/2 oz. blue gill, Bob Rusin, Lake Wauconda, Ill. 1 lb. 15 oz. small mouth black bass, Fay Eichner, Sturgeon Bay, Wis. 1 lb. 3 oz. crappie, Mrs. Ed Tyler, Little Rock Lake, Grand Rapids, Minn. 1 lb. 1 oz. bullhead, John Uthe, Orland Park.

Station Wagon Stolen by Thieves

Last Friday, at about 10:30 a.m., a station wagon belonging to Leo J. Marcoux, 203rd St. and Wolf road, Mokena, was stolen from the parking lot of the Chicago Bridge and Iron company, on 105th st., in Washington Heights. Mr. Marcoux is comptroller of the Bridge and Iron company.

The theft was observed by painters on the roof, who did not realize at the time a theft was being committed. They saw an old sedan drive into the lot and a few minutes later saw the station wagon being driven out. The car had been locked.

The theft is being investigated by the Morgan Park police.

John Savage, Noted Lawyer, Passes On

John H. Savage, of Joliet, who was born in Homer township, where he spent his boyhood, died early last Saturday morning at the home of a son, Dr. John L. Savage, of Wilmette. He had been ill for several months.

Mr. Savage, who had been a practicing attorney for the past 52 years, was senior member of the law firm of Savage, McKeown and McKeown. He had been active for a long time in civic and community affairs, and was one of the two longest practicing attorneys in Will county.

Mr. Savage was a lifetime member of the board of trustees of Silver Cross hospital and chairman of the board of the Plainfield bank. He is survived by two sons, Dr. John of Wilmette, and Amos, of Moline, and a daughter, Mrs. Ruth Wyler of Duqueno. Five grandchildren also survive him.

Louis Bottino To Head Lockport High

Louis Bottino, superintendent of schools of Will county, has asked the county board to relieve him of his duties as of August 1, according to Fred Francis, chairman of the board. Mr. Bottino has resigned to accept a position as superintendent of Lockport high school.

Three years remain in his present term. To fill this vacancy a special board meeting will be held.

Mr. Bottino has been elected to the office of county superintendent four consecutive times. His salary in this post has been \$8,500, which comes from the state. In addition, there is a travel allowance of \$900 paid by the county. The Lockport position will pay a salary of \$9,500 a year, it is reported, plus travel allowances.

At present, Mr. Bottino is attending the summer term of Columbia university.

NEW MODEL '60' HEAVY DUTY TRACTOR SHOWN

Two new heavy-duty 2 and 3-pow general purpose tractors, the John Deere Models "50" and "60" were announced Saturday, July 19, by Bettenhausen Implement Co., Tinley Park. At the Announcement Day, which included the first public showing of the Model "60", Herbert Bettenhausen stated these new tractors replace the Models "A" and "B" in the John Deere line.

Among the major advancements featured on the new tractors are duplex carburetion, "live" power shaft, "live" high pressure Powr-Trol quick-change wheel tread, effortless steering, and new, more practical styling. These new features mean stepped-up tractor performance, easier handling, greater comfort and convenience and better all-around economy.

Duplex carburetion is a revolutionary development in tractor engines. Through a new type, double-barrelled carburetor, fuel is metered in identical amount to each cylinder providing livelier and more flexible power, smoother performance and faster cold weather starts, as proved in intensive laboratory and field tests.

A new "Live" power shaft is independent of the transmission clutch and provides continuous power for operating power-driven machines.

Rear wheel-tread adjustments are much easier to make in these new models, and new steering ease has been provided thru the use of a highly finished full gear and worm gear which reduce friction.

Mr. Bettenhausen said the new tractors are available with five interchangeable front-end assemblies that increase adaptability to all crop and field conditions.

The new model "60" is on display at Bettenhausen Implement Co. in Tinley. Everyone is cordially invited to stop in and see this new tractor.

MOKENA WOMAN IN EARTHQUAKE ESCAPES HARM

The most severe earthquake to visit California since the historic quake which wrecked San Francisco in 1906, included among its eye witnesses a Mokena school teacher, Miss Peggy Rose. This pre-dawn earthquake which struck Monday morning, killed 11 persons, nine of them children, in the sparsely settled mountain regions north of Los Angeles, caused fires and floods and smashed water mains.

Miss Rose, a home economics teacher in the Oregon high school, left for a tour of the western states by train about a week ago, in company with another teacher, Monday evening she called her father, Charles Rose, from the Hotel Alexandria in Los Angeles. She had been trying to get the call through all day long.

Miss Rose said they were awakened at five o'clock that morning when the plaster from the ceiling fell on them. The walls of the room began buckling, and the windows rattling and crashing in. Looking out it appeared as though all the buildings were walking down the street, she told her father. They were greatly alarmed, of course, but were not injured in this earthquake which made the head lines across the land.

The two teachers expected to leave on the following day to continue their tour of the west, going north, Lake Louise, in the Canadian Rockies, was to be the most northerly spot reached on this trip.

Attends Carriers' Meet on West Coast

Mrs. Glenn Folkers of Frankfort has returned after a 10-day trip via airplane to the West Coast, where she was national representative at the state convention of the Rural Letter Carriers and Auxiliary held at Oakland, Calif., Bend, Ore. and Wenatchee, Wash.

Last Thursday Mrs. Folkers and her husband attended the Rural Letter Carriers and Auxiliary state convention at the Sherman hotel in Chicago.

Mr. J. Edward Cooper of Washington, D. C., returned home from Chicago with them, and was their weekend guest.

Next year the state convention will be held in Kankakee.

Joan Martie Wins Wright Scholarship

Joan Martie, daughter of Mr. and Mrs. Willard Martie of Mokena, has received word from the University of Illinois that she again has been awarded the Wright scholarship for the coming year. The scholarship covers half of her expenses.

Miss Martie, who is a student in the School of Commerce, won the Wright scholarship last year, too. A letter from the University of Illinois stated that her grades were so high that she was again eligible for the scholarship.

Joan Martie, who is now twenty years of age, has been a student of high standing during all her years in high school and college. This will be her senior year.

Approximately 118 officers and four enlisted personnel will attend camp with the headquarters of 322nd and three officers and 45 enlisted personnel of headquarters company of the 322nd will attend the two week session.

While in camp, the logistic command will study problems of supply and servicing other army units under simulated combat conditions. Col. D. J. Manning is commanding officer of the group.

LUTHERAN PICNIC

The annual picnic of the Immanuel Lutheran church at Mokena will be held Sunday, August 3. Dinner will be served family style at noon. The public is cordially invited.

A New Lenox man was killed last Thursday, July 17, when the car in which he was riding was struck by a Rock Island commuter passenger train at Gougar Road, a mile west of New Lenox. The train, which was bound for Joliet, continued for several hundred feet before coming to a stop, and was delayed for about an hour.

Killed in the crash were Edward August Timm, 50, of Spencer, just east of New Lenox, and Bernard H. Weisbrook, 58, of Plainfield. Timm was an auto salesman for the Lincoln-Mercury agency in Joliet, and Weisbrook was a Wheatland farmer and cattle buyer.

The two men were riding in a 1950 model car owned by Weisbrook when the crash occurred. Although the police were not sure it was assumed that Weisbrook was at the wheel.

The auto stopped at the crossing to permit passage of an eastbound freight train. The driver of the ill-fated auto failed to note the approach of a passenger train from the east, although the blinker lights were still working.

Deputies said the train apparently struck the car broadside, and it was dragged about 95 feet and thrown against a pole. It was completely wrecked.

Both men were thrown clear of the wreckage, but were dead when help arrived. Timm having died of a broken neck, and Weisbrook of a skull fracture, plus internal injuries in both cases, according to the coroner's report.

Mr. Timm was born in Manhattan September, 1891, the son of Mr. and Mrs. Charles Timm. In 1927 Mr. Timm moved to Joliet with his family and established the Timm Motor Sales, which he headed for 13 years, retiring in 1940 to live on a farm in New Lenox township. He re-entered business two years ago and joined the Lincoln-Mercury sales force in Joliet, where his wife, Emma, is employed.

Surviving besides his widow, is a son, Attorney Kenneth Timm, three brothers, Alvin of Joliet, Martin and William of Manhattan; two sisters, Mrs. James McGuire of Manhattan and Mrs. Otis Dodge of Highland Park.

Last rites for Mr. Timm were held Saturday afternoon in the Grant Funeral home in Joliet. Burial was in Woodlawn cemetery.

30, 1894 in Naperville township. Mr. Weisbrook was born June 18, 1892, in Mokena, and was known as a cattle buyer. Surviving him are a son, a daughter, a brother, three sisters and three grandchildren. His wife, Elizabeth, died last October. He was buried Monday in Mt. Olivet cemetery in Aurora.

To Play in Illinois Summer Youth Band

Jerry Lehmann, son of Mr. and Mrs. Fred Lehmann of Mokena has been selected to play in the Illinois summer youth band at the Illinois university from July 27 to Aug. 8.

While at the university he will live with the other summer band members in the university residence hall. They will follow an intensive program of rehearsals in preparation for the concert August 8. Students pay only for room and board.

Rehearsals and concert will be held in the canvas theatre, a tent erected on the campus for the summer youth music groups. A social and recreational program will supplement the musical activities.

Directing the summer band will be Clarence Sawhill, formerly of the Illinois university and now director of bands at the Southern California university at Los Angeles.

Total enrollment in summer youth music activities for 1952 at Illinois, including junior band and orchestra, senior orchestra and chorus, and senior band is approximately 470. Each group spends two weeks on the campus.

Speeders Arrested, Pay \$32 In Fines

Cool off!

Get **HOT** water automatically with **GAS**

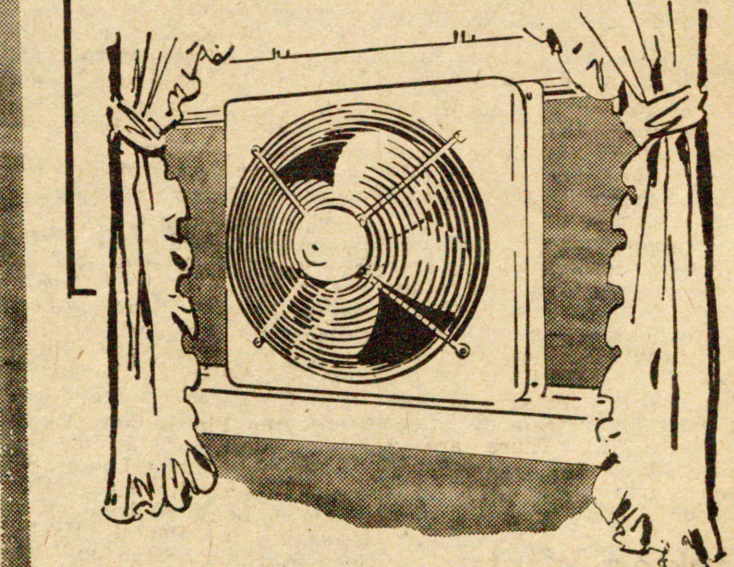

If you get "hot" when the water's only tepid... relax... get an automatic GAS water heater and have instant hot water 'round the clock. Life is easier when you have a GAS water heater... no more waiting... no more pampering an old-fashioned tank... no more "rationing" of hot water. For just a few pennies a day you'll enjoy the luxury of loads of hot water. And only an automatic GAS water heater gives you "quick recovery"... each time hot water is drawn off, it's replaced quickly and automatically. Just turn the tap... and there it is! Turn your hot water worries over to an automatic GAS water heater... and cool off!

Beat the Heat... get a night cooling fan now!

5 day free trial offer!

Use a night cooling window fan in your own home for 5 days... without charge or obligation. Simply call or visit our nearest store and the fan will be delivered to your home. See for yourself what comfort is!

Give summer heat the brush-off with a night cooling window exhaust fan! Just flick on the switch and the fan expels the stored-up, over-heated air that makes your home so hot on stuffy summer nights. As the hot air goes out, cool night air is drawn in and circulated gently through the rooms of your home. Room temperatures drop... you feel cooler and sleep better. Easily portable night cooling window fans fit almost any window; they can also be switched from "exhaust" to "intake," if you wish. Sleep in comfort this summer... get a night cooling window fan!

See the new automatic GAS water heaters and night cooling fans at our nearest store or your dealer's today.

Beach Buffoons

—

The pleasures of sunny days at the beach are often spoiled by the show-off beach buffoon who's a menace to himself and everyone else. And just as dangerous to all beachgoers are the skin-searing rays of the sun.

Protect yourself. Take the sun in small doses and baby your skin with a generous coat of baby lotion. It now comes in a convenient white plastic bottle that is completely unbreakable, handy to carry and easy to use because it is the squeeze type.

THE BIBLE SPEAKS

International Uniform Sunday School Lessons

BY DR. KENNETH J. FOREMAN

SCRIPTURE: 1 Samuel 1:1-4:1a.
DEVOTIONAL READING: 1 Samuel 2:1-10

God Prepared Him

Lesson for July 27, 1952

—

WHEN A CHRISTIAN looks back, he can see God's hand better than he can see it looking forward. A Christian, even a worrying Christian (though there should be no such people as Christians who worry), can feel very thankful for God's blessings, care and guidance in the past, even while worrying over tomorrow's uncertainties. How foolish this is! God is even now making ready for the future. He is not to be taken by surprise. He knows what he wants and he knows how to get it. While we waste time in worry, God is at work. The story of Samuel is a case in point.

—

God's Home

EVERY ONE KNOWS that the strongest single influence in a person's life is his home. We sometimes take that for granted.

On the contrary, a home may wreck a man before he starts. It has been said that many alcoholics get their start, not their start in drinking but their start in the nervous, unsettled disposition which easily slips down into alcoholism and other drug habits, before they are six years old. The wrong kind of parents, lack of harmony between father and mother, ill-treatment or simple neglect, can make a child already abnormal before he is old enough to go to school.

On the other hand, the foundation of a strong man can always be found in the home where he first lived. So it was with the remarkable man, the prophet Samuel.

In later life he became lawgiver, king-maker, preacher and general of the army; no ordinary man! The nation needed him; and when the time came, God produced him. But God produced his mother first.

—

God's Church

AFTER LEAVING HOME, Samuel literally lived in the tabernacle, which served as a church in those far off days. The little boy found there a second home. Old Eli the priest no doubt came to mean much more to him than his own father did, his father whom he so seldom saw.

So it still is, where the church is doing what it should for the children of its people. A child should not be afraid of the minister; he should not feel anything but love for the church. True, a church building is different from other buildings in that it is set apart for a sacred use. A church is the symbol of God's presence among men, and the sanctuary of a church ought to make all who come into it feel that this place is holy ground.

But that does not mean that a child should be afraid of the place, as some children are. If they have been coming there every Sunday since they can remember, sitting with the rest of the family in the family pew (sounds old-fashioned but there are still thousands of them), coming so regularly that no question is ever asked on Sunday morning, "Well, shall we go to church or not?"—then they will feel more at home on the inside of the church, when the Lord's Day comes, than they ever will on the outside.

Now this is not all always true. If children and young people are not attracted by the church, as too often they are not, whose fault is it?

Whoever may be to blame, it is certain that a church which loses its young people is headed for its end.

—

The Voice of God

IT IS MOST INTERESTING to know that when young Samuel heard the voice of God, it sounded just like the voice of Eli the priest. (If you heard the voice of God, whose human voice would it sound like?)

At any rate, God prepared this great prophet Samuel not only by the influence of home and church, but by a personal religious experience. Now there is no real conflict or contradiction between religious education and conversion, between the church and the home, and the work of the Holy Spirit.

God was in Samuel's home, God was in that tabernacle, God was in his religious education. But God also came to him directly and not only through home and church. If we wonder sometimes where the Christian leaders for the next generation are coming from, we may be sure God is preparing them even now, in simple if obscure ways, as he did with Samuel of old.

Fit-Together Magazine Rack

A ONE-EVENING workshop project for the man who has a cross-cut saw and a coping saw is an attractive magazine rack requiring no fasteners. It simply is fitted together after the parts are sawed out. Of course, power tools will make the rack even easier to produce.

As illustrated, the magazine rack consists of a bottom, two ends, two sides and a divider. Incidentally, the divider should be made in two parts, so that it will fit into the slotted end pieces. All parts are Masonite 3/16" Tempered Presdwood.

Sides of the rack shown are 12 inches square. The sides taper from 3 3/4 inches at the bottom to 6 inches at the top.

Note carefully the slots and tenons in the illustration. The center panels, which have tenons at either end, are slipped

into position horizontally and then turned up into the locked position. There is sufficient pliability in the Tempered Presdwood to permit the side pieces to be snapped into position last.

This fit-together magazine rack may be left in its natural dark brown color, painted or enameled.

From where I sit... by Joe Marsh

Me—Advising a Banker!

The Missus and I were invited to dinner over at Balesville the other night. I sat next to a banker from the state capital.

"Mighty nice country you've got down there," he says. "Don't be surprised if I come to live there myself. In a few years I plan to get away from everybody, buy a farm and just take it easy."

"Well," I told him, "we'd like to have you. But when someone plans to buy a farm and 'take it easy' he often winds up working harder than ever. It takes work to run a farm right no matter how many

hands you can afford to hire.

"And from where I sit," I continued, "you won't get away from people either. Neighbors are plenty important in a farming community—whether it's helping one another out or just friendly visiting over a sociable glass of beer." "Hard work and neighbors dropping in all the time?" he asks, looking at me over his glasses. Then he smiles and says, "Sounds wonderful. You've just sold me on a farm."

The WSCS of the Methodist church will meet for an all day session Thursday, July 31 at the home of Mrs. Forrest Miller, Sr on 143rd st. Mrs. Elmer Newton and Mrs. George Flondor will assist.

Through the generosity of Mrs. S. V. Smith of Orland Park, the Brownie Scouts were able to be in the studio audience at Super Circus Sunday. The Brownies wish to thank Mrs. Smith very much for the tickets she gave to them, also thanks to Mr. and Mrs. Willard Creer, Mrs. Robert Ebeling, Mrs. Doris Ebeling and Mrs. Frank Goodman for transportation and their kind supervision. The greatest thrill came when, after the show, the Brownies marched up on the stage and met the stars, talked with each one, and received their autographs on a picture postcard. They report having had a wonderful time.

14 Boy Scouts from Orland left last Saturday morning for a 10 day camping outing at the Boy Scout Camp, Camp Betts, Berrien Springs, Mich. They are Tommy Davidson, Tommy Barton, Richard Farr, Jack Carrier, Jimmie Frickman, Van Enblom, Jack Dugan, Paul Mell, Jimmy Hughes, Doane Morgenthaler, Ronald Creer, Richard Anderson, Richard Hallgren and Jay Morlock.

The Edwin Lucas family have returned from an enjoyable vacation trip to Tomahawk, Wis. They were there a week and for Ed, the fishing was good.

Mr. and Mrs. Robert Hewson are happy over the birth of a son, born Tuesday, July 15 in Silver Cross hospital, Joliet. He weighed 6 lbs. 8 oz. and has been named Robert Edward Jr. Mother and son are home and doing nicely.

Mr. and Mrs. Frank Howland of Columbia Station, Cleveland, Ohio, enroute home from a vacation trip through the southern states, stopped in Orland to visit his sister, Mrs. Gust Zerbs.

Mrs. Mabel Ekberg attended the GOP convention, serving in the headquarters. Also Ike Cleveland, Republican committeeman of Orland, attended.

They visited the Grand Canyon, St. Gabriel Mission and topped on return at Mr. and Mrs. C. Carpenter's at Boulder, Colo.

They also visited Mrs. J. Dixon's uncle, Frank Drury of Clovis, Cal. who just celebrated his one hundredth birthday.

Guests of Mr. and Mrs. Elwood Fritz Thursday for dinner were Mr. and Mrs. Herbert Lucas of Chicago.

Mr. and Mrs. A. Stuhrtst attended a Silver wedding anniversary at Fredin's in Hinsdale Saturday in honor of Mr. and Mrs. E. H. Theibel.

Mrs. Walter and daughters returned Pat LaVan to his home in Bellwood Friday, and Rosemary Ritt is visiting her grandparents, Mr. and Mrs. Frank Moreno of Melrose Park for a couple of weeks.

Miss Carole Tyler celebrated her sixth birthday Sunday at the home of her aunt, Mrs. M. Kluth. Her guests were Mr. and Mrs. M. Kluth, Mr. and Mrs. Fred Harmon, Kathryn Zummullen, Susan Zummullen, Bar-

Mr. and Mrs. Albert Swatek, Sr., returned Monday from a motor trip to Calif., where they visited their son Albert. The latter is stationed with the 44th Div., of the national guards at Camp Cooke at Santa Marie.

Albert and wife joined his parents in a 1500 mile motor trip to the Grand Canyon, petrified and painted forests and many other places of interest.

Mr. and Mrs. E. Fritz attended the celebration of Mr. John Fritz, Sr. who was seventy years young Saturday at the Kno. Coffee Shop in Hammond, Ind.

Mr. and Mrs. E. Fritz entertained in their home Sunday in honor of Mr. John Fritz, Sr. of Lansing, Ill. for his seventieth birthday. Those present were Mr. and Mrs. C. Fritz and family of Riverdale, Mr. and Mrs. Eno Zanders of Glenwood, Mr. and Mrs. James Fritz of Dalton, Miss Stella Hodges and Dr. E. Hodges of Chicago and Mr. and Mrs. John Fritz Sr. of Lansing.

Billy Tilsy returned home Wednesday from Fayetteville, North Carolina after spending three weeks vacation with his aunt and uncle, Mr. and Mrs. John W. Tilsy.

Death of William F. Wise

William Frederick Wise, born in Homer township 45 years ago, died at his late home in Lockport township, July 16, following several years of poor health. Funeral services were held at the Goodale funeral home Friday, July 18 at 1:00

o'clock, with the Rev. H. R. Jay of Mt. Pleasant, Iowa, a former Lockport pastor, officiating. Burial was in Lockport cemetery.

Surviving are his father, Emil Wise, a brother Perry, both of Lockport township and several aunts and uncles.

The Homer-Lockport unit of Home Bureau held their annual family night potluck dinner at Dellwood Park, Wednesday evening of this week. The committee arranging the affair were Mesdames B. D. Brankey, Clyde Zimmer and Nick Bokan.

After dinner, games were enjoyed.

The July meeting of the Missionary society will be a picnic on the lawn at the Wrey White

home on Thursday, July 31 at noon. Everyone is asked to bring her own table service. Sandwiches and a dish to pass.

About twenty women from here attended the auction at Naperville church Wednesday, the 16th.

Mr. and Mrs. Ray Carlson and children left Thursday for a week's vacation in Wisconsin. They will visit the Ralph Burch family and other friends enroute and also stop in Milwaukee for a day or two.

Cpl. Edward Purdy surprised his family with a short visit recently. He is stationed at Quantico, Va. and motored home on a three day furlough.

The Ott family, descendants of the late Michael Ott, will hold their annual reunion at Dellwood Park Sunday, July 27 with potluck dinner at noon and a weiner roast in the evening. Lewis Barr and Donnie Cagin spent a few days last week

at Ft. Atkinson, Wis. where they enjoyed fishing.

Nearly 50 people gathered at the Frank Kolar home last Sunday for a Kientz family reunion. They came from Chicago, DeKalb, Lemont, Cicero, Homer and Washington D. C.

the FIRST Factory-built LP GAS TRACTOR

MINNEAPOLIS-MOLINE pioneered factory built LP gas burning equipment on the famous MM U tractor in 1941.

LP gas steps up the horsepower of the already powerful U about 10%. MM factory-built LP gas tractors have high compression (6.8 to 1) and cold manifolds. Without their use, power will be low and fuel consumption will be high.

LP gas burns clean and prevents carbon deposit and crankcase dilution. Oil will last several times as long due to less contamination. These tractors run cooler. Time between overhauls is greatly prolonged.

QUALITY CONTROL IN
MM FACTORIES MEANS

Frankfort Beats Peotone 3 to 1

By Denny Wheeler
Frankfort staged a big come back against Peotone last Wednesday. Yes, Frankfort beat them 3-0. This means that in three contests with Peotone, Frankfort has beaten them all three by scores of 6-0, (winner Mager); 2-1, (winner Mager); and 3-0 (winner Studnicki).

Studnicki Starts Masterpiece
Ronnie Studnicki once again started and came up with another of his masterpieces. He struck out 12 and allowed but three hits. His season record is two wins and one loss. He has allowed three runs in 18 innings for a 1.00 earned run average. This is one of the top averages of the Wilco League.

Score in First
Terry Schroeder got on base on After Allan Mager struck out a base on an error. Don Carter repeated and Ronnie Studnicki came up with a clutch triple. The field faces southwest, left field pointing south from home plate. The wind was coming from the south and quite hard. About 250 ft. away from home plate is a wall to some sort of a racing park.

Some of the fans thought that if the day had been calm it could have hit the wall. Later in the game Studnicki singled to give him two hits. Ronnie is also high for hitting among Wilco circuit swingers.

Frankfort scored again in the

fourth inning when Bill Hart scored on Allan Mager's bloop single to center.

Frankfort's next game is at home against those Crete fellows again. Either Mager or David Zechlin is slated to clash fast balls against either Buddy Becker or Meyer. If Frankfort wins it will be their eighth win of the season.

This publication (made in accordance with Section 103 of the Revenue Act, 1939) serves as a public notice to the taxpayers of Will County of the assessed values fixed upon their property by the Township Assessors of the various townships.

Taxpayers who consider their property incorrectly assessed may appear before the Board of Review ON OR BEFORE AUGUST 10, 1952 and file a complaint in writing according to Section 108 of the Revenue Act of 1939.

BYRON W. HUNTE,

County Treasurer of Will County,

Ex-Officio Supervisor of Assessments

ASSESSMENT ROLL FOR 1952

NEW LENOX TOWNSHIP

The following is a list of Personal Property Assessments in fill for the year 1952 and a list of Real Estate properties for which assessments have been added or changed since the last preceding assessment as made by the Township Assessor of New Lenox Township, Will Co., Illinois, and as returned to and completed by Byron W. Hunte, County Treasurer, ex officio Supervisor of Assessments.

The assessed values herein shown are subject to revision by the Board of Review and to equalization by the Department of Revenue. Section 146 of the Revenue Act, 1939, provides that the Department shall lower or raise the total assessed value of property in any County so that such property will be assessed at its full, fair, cash value.

11 FAIRS TO HAVE ELECTRIC FARM SHOWS

The electric farm show of the Public Service company of Northern Illinois, which has been a feature of northern Illinois county fairs for the past five years, will be featured at eleven fairs this summer with a completely new exhibit, it is announced by the utility.

The eleven fairs and their dates are: McHenry County, Woodstock, July 24, 25, 26, 27; Lake County, Elgin, July 31, August 1, 2, 3; Kane County, Rockford, August 3, 4, 5, 6, 7, 8; Livingston County, Pontiac, August 5, 6, 7; Whiteside County, Morris, August 13, 14, 15; Stephenson County, Freeport, August 20, 21, 22, 23; Will County, Peotone, August 22, 23, 24; Marshall-Putnam County, Henry, August 26, 27, 28, 29; Grundy County, Mazon, August 29, 30, 31, September 1; and DeKalb County, Sandwich, September 3, 4, 5, 6, 7.

The new display, especially produced for county fairs, shows how electricity saves both dollars and works for the farmer and the farm wife.

Housed in a "big top" tent, 60x80 feet, the exhibit features actual electrical equipment and blow-up photographs demonstrating new ideas in feed handling, crop drying and barn cleaning.

The latest kitchen and laundry appliances will be displayed on a colorful turntable and

the story of how electricity is made will be told through regular showings of a two minute slide film.

Actual top sections of typical transmission and distribution pole installations will show equipment and safety devices used in supplying electric service to farm customers.

The farm chore equipment in the display is based on ideas developed through the utility's co-operative program with the University of Illinois and the U. S. department of agriculture. It will be the first time that some of the installations have been shown in northern Illinois.

The exhibit will be open free daily to all visitors at the fairs.

America's Favorite - - - Chicken Pie

Most everyone enjoys good chicken pie. Rural and urban alike agree that chicken pie is their dish. The preparation of chicken pie can be simple or complicated, depending upon which side you're on. One school of thought specifies biscuit or pastry topping. A chef of one of Chicago's leading hotels suggests buttered corn flakes to top the pie. Here, Barbara B. Brooks, Kellogg Company home economist, gives you her version of the chef's suggestion:

Chicken Pie — Palmer House

- | | |
|---|--|
| 8 cups cooked chicken, cut in pieces | 4 tablespoons flour |
| 1 cup cooked, diced carrots | ½ teaspoon salt |
| 12 cooked tiny onions | dash pepper |
| 12 cooked small potato balls | 1½ cups chicken stock* |
| ½ cup sliced mushrooms | 1 cup thin cream or milk |
| 4 tablespoons shortening or chicken fat | 3 cups Corn Flakes |
| | 2 tablespoons melted butter or margarine |

Arrange pieces of chicken, carrots, onion, potato balls and mushrooms in six individual casseroles, or one large casserole.

Melt shortening, add flour and seasonings; add chicken stock and cream slowly, stirring constantly. Cook over low heat, stirring frequently until thickened. Pour over chicken and vegetables. Crush Corn Flakes slightly, sprinkle with melted butter and stir until each flake is buttered. Cover tops of casseroles with corn flakes. Bake in very hot oven (500° F.) for about 10 minutes.

Yield: 6 individual casseroles, or 6-7 servings.

*Use 8 instant chicken bouillon cubes dissolved in 1½ cups hot water, if stock is not available.

'Pinch-Hitting' Temporary Pastures Help Provide Cow Filling Forage All Summer Long

Second growth meadow provides succulent feed after first cutting of fertilized alfalfa hay.

MAINTAINING a cow-filling pasture supply all season long is like building a winning baseball team. You've got to have reliable substitutes when some of your regulars are out of the line up.

Temporary pastures such as Sudan grass, the aftermath of hay fields, and small grains can provide pinch-hitting forage to tide you through emergencies when drouthy summer weather dries up bluegrass.

Such substitute forage can prevent a drop in milk production or a loss of weight in beef cattle. It can save you money by eliminating the cost of feeding more grain.

Good production from any pasture depends on a high level of soil fertility. That's particularly true of Sudan grass. Adding a complete fertilizer carrying nitrogen, phosphate, and potash when you seed the grass will assure abundant growth. Sudan

needs plenty of nutrients to make thick, high yielding stands.

Sudan grass can be seeded any time through early June. You can use a grain drill or broadcast seeder, set at the rate of 30 to 35 pounds of seed per acre.

Agronomists advise keeping stock off sweet Sudan grass until it is at least 18 inches high, as a safeguard against prussic acid poisoning. They recommend, too, that cattle be taken off pasture for three or four days when new growth starts after a long drouth or light frost.

Dairy specialists have estimated that in hot weather, you can expect one to three more cans of milk a day from a 20-cow herd on Sweet Sudan pasture. The Sudan grass will provide succulent feed for your cows until your regular standby pastures are back in high production again.

Aids Roadside Selling

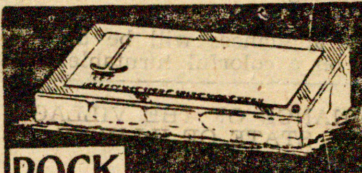

FOLKS who sell fresh produce or other wares from their homes need an attractive roadside sign which can be changed as needed. One that is at once rustic, easy to make, long lasting and simple to change may be built by any person who can use a hammer and saw.

If the framework is to be six feet high, use two four by four-inch posts eight feet long. Treat with creosote the two feet that will be in the ground. Across the top nail a two-foot length of two by four-inch lumber.

At intervals of approximately six inches, depending on the number of signs to be hung, insert L-shaped hooks on both sides of the posts, so that the individual signs may be hung into position. There will be two sets of signs, so that motorists may read them from either direction.

Individual signs may be made of Masonite quarter-inch Tempered Presdwood. Edges should be beveled. Cover the signs with two coats of good quality outdoor paint. In a contrasting color the wording then may be added. For making attractive letters with the least trouble, buy some paper stencils at a stationery or art supply store. Bore a hole at either end of each sign so it will fit on the hooks.

As new produce is ready for sale, it is a simple matter to change the signs. Prices may be advertised by clamping numerals, painted on or cut from Masonite one-eighth inch Tempered Presdwood, over a portion of the sign.

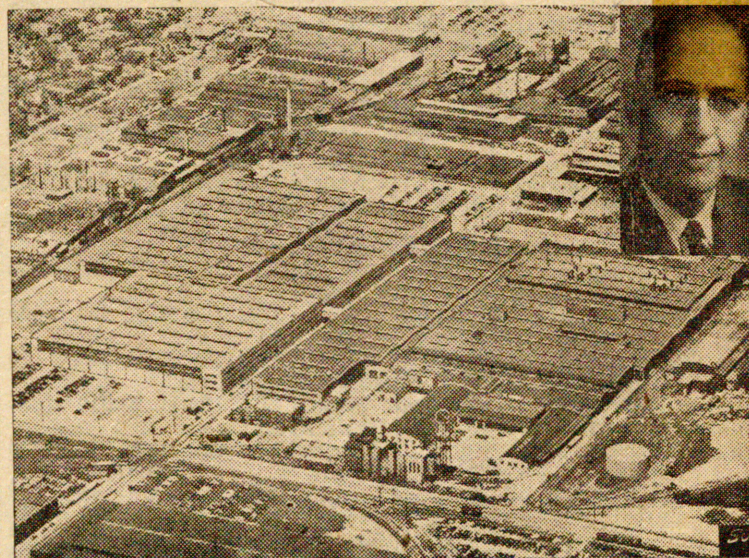

ROCK OF AGES BONDED GUARANTEED

Fulfilling a present requirement with a Rock of Ages marker is a wise first step in a lifelong memorial program—for Rock of Ages monuments and memorial markers can be matched exactly through the years to come.

Newest Refrigerator Factory Retooled

CHICAGO — America's newest and most modern refrigerator factory, promising completely new refrigerators for the nation's housewives, is being tooled for production to reach high outputs in 1953. The factory, which for the last year has been making jet engines for U.S. Naval aircraft, is across the street from the "world's largest electric range plant."

The two giant factories are connected by conveyerized overpasses, and will permit the most highly integrated refrigerator-range production facilities in the industry.

The factory is owned by Hotpoint, first appliance maker in the

country to get into jet engine production, and the largest manufacturer of electrified kitchens and home laundries. Under the company's new president, John C. Sharp (inset), plans for the first major changes in refrigerators in twenty years are under way. It was Sharp who brought pushbutton electric cooking and automatic dishwashing to millions of American homes.

At the Navy's request, Hotpoint will continue to manufacture jet engines, although, because of the government's rescheduling of materials needed for defense, the bulk of the giant factory will be available for refrigerator output.
